1.2. Payment of entry fee

1.2.1. Single entry prior to the event:

- A. Payment of 100 €, must be received 1 week prior to the commencement of the event for U18 players. (This means that the player can be max. 18 years old at the date of the event). If the payment of the entry fee does arrive within 1 week of the accreditation, the player has to pay 25 € extra at the accreditation and will be treated as remaining spots.
- B. Payment of 100 €, must be received 2 weeks prior to the commencement of the event for Women players who want to participate at the Men Euro Tour events. If the payment of the entry fee does arrive within 1 week of the accreditation, the player has to pay 25 € extra at the accreditation and will be treated as remaining spots.
- C. Payment of €150.00, must be received 2 weeks prior to the commencement of the tournament for all other players. If the payment of the entry fee does arrive within 1 week of the accreditation, the player has to pay 25 € extra at the accreditation and will be treated as remaining spots.

1.2.2 Remaining spots

Places that are remaining after the above 3 categories will be available on the day of the accreditation on a first come first serve basis with an extra charge of €25.00 on top of the amount of entry fee as mentioned in the categories under point 1.2.1. up to 17.00h.

The amount of available spots will be visible via our web site. Entry fees received after the event has started will be added with an extra charge of 50€ on top of the entry fee mentioned in the categories under point 1.2.1.

Where possible, the draw will be made prior to the tournament with players who have paid in the first 3 categories mentioned under point 1.2.1. able to see when they have to play.

1.2.3 Cancellation of announcements

If a player announced himself for a Euro Tour event and paid the entry fee, it is allowed to cancel the participation without losing the entry fee. The cancellation will be accepted if the cancellation is sent in writing a minimum of one week before the accreditation start of the event to the tour manager.

The paid entree fee will then be forwarded to the next event or can be paid back to the player. Cancellations within one week of the accreditation start of the event, can only be accepted if the player is sick or has an accident or an accureness in that direction. All cancellations within a week of the accreditation start of the event needs a certifcation from a docter or police in order to make sure that the entry fee is not lost.

If all documents are provided in due time (max. 3 weeks after the cancellation) then the entry fee will be forwarded to the next event or paid back to the player.

In all other cases with exception of the above (1.3.) the entry fee will not be returned and therefore is lost.

IBPF reserve the right to issue or decline a refund.

If it turned out that a player announced himself for the event and did not pay the entry fee upfront because he decided to pay at the venue, and does not show up, the entry fee is still to be paid. The player in question will then be put on the so called „black list“ which means that the open amount entry fee first has to be paid before the player in question can enter a next Euro Tour event.

1.3 Participation eligibility

A player is eligible to participate as a representative of the nation for which they hold a valid passport. Players representing nations in which there is no National Federation can apply for a direct membership to the EPBF. The EPBF board need to be contacted with the request to become a direct member from the player.

Players must be a member of a National federation within the WPA structure. It is allowed to play one ET event per year without being a member. After the first event the player in question needs to become a member of the National Federation who is in turn a member of the WPA structure first or (if no EPBF member exist in the country of origin) become a direct member of EPBF.

1.4 Accreditation and players meeting

The players meeting will be held around 19.00h on the day of accreditation, it is advisable for all players to be present as the latest changes are announced. Players not attending the meeting do so at their own risk and should be aware of the rules and regulations regarding this tournament. The draw will be officially posted on the Euro Tour website and on the board at the venue after the player meeting.

1.5 System of the tournament

All Euro Tour stops are tournaments with a maximum of 256 players (unless announced different) and the tournament starts with double elimination. Single elimination starts from the last 32. The tournament is played with 32 seeded players, based on the Euro Tour ranking, which are seeded from numbers 1 to 32. Tournament flowcharts are separated in eight (8) groups of 32 players, from each group 4 players are qualified into the knock out stage.

The format of the Euro Tour can be changed by the tournament management.

1.6 Races

9-ball is the discipline played in 2016, and races are generally to 9. The tournament director has the right to amend the races before the tournament starts.

1.8 Ranking

By the 01.05.2017 the Euro Tour ranking will be changed back into the old version of the Euro Tour Ranking. More details about this change will be sent after the next EPBF board meeting in March 2017.

1.9 Referee's

The IPBF / EPBF will endeavour to have at least one (1) referee present at the venue for the duration of the event. The players are responsible for match scoring through the equipment supplied and are responsible for calling the referee when needed.

1.10 Time limit

In order to better control the schedule of an event, each match can be given a certain time limit. Should after 50% of the announced duration of a match, less than 50% of the race-to average has been scored, a shot clock can be implemented which is down to the TL discretion. After enforcing the shot clock the time for each shot is 35 seconds, with a warning after 25 seconds. Each player will be allowed one 25-second extension during each rack. The shot clock will be started when all balls come to rest, including spinning balls. The shot clock will end when the cue tip strikes the cue ball to initiate a stroke or the when player's time expires from the shot clock. If a player runs out of time, it will be a standard foul.

Shot clock will be forced from the beginning of the Semi Final and Final matches. This due to the fact that a TV production will be made of these matches.

1.11 No show

Players must be at the venue and ready to play their assigned match 30 minutes before the appointed match time (appointed match time is the time mentioned at each match on the flowchart). If a player is late for his appointed match time (which is 30 minutes before the time mentioned at the flowchart), he will have a maximum of twenty minutes to report to his assigned table ready to play or he will lose the match. If a player is not present and ready to play at the moment that the match is assigned and called to the table the following procedure is in force. 6 minutes late = 1 game to the opponent, 11 minutes = 2 games, 16 minutes = 3 games. When 20 minutes have elapsed the game is forfeited. Tournament officials are the only ones who have the power to implement this.

If a player is not present within 20 minutes following the official announcement of his/her match, this match will be forfeited. Should this happen in the winner's bracket of a double elimination system, he/she will be placed in the loser's bracket. Otherwise such player is disqualified. Should both players in one and the same match in the winner's bracket arrive too late, both of them will be disqualified since both of them cannot use the one and only existing spot in the loser's bracket.

1.12 Tapping of Tables

At the Eurotour, the tables are tapped. In 9-ball the position of the racked balls will be moved upwards so that the 9-ball is placed on the spot. Players must never tap the tables; only tournament officials should tap or re-tap the racking area if required.

1.14 Time-Out Regulation

One (1) time-out for each player is allowed per match, the length of the time-out is five (5) minutes. The time out can be taken between racks no matter who's break it is,. The opponent must remain seated as in normal play, if he decides to use his time-out in the same time no further time out will be allowed.

The player taking the time out should remember that his actions must be within the spirit of the game and if he acts otherwise, he is subject to a penalty under the Unsportsmanlike Conduct. Reasons for an imposed penalty are: taking time out other than in between the racks, smoking or drinking alcohol during the time-out and late return after a time-out.

Penalties for such violations are; a game/frame (current and/or next) is awarded to the opponent. Should a player violate this rule a second time, the player will be disqualified from the discipline and/or event.

1.15 Unsportsmanlike Conduct

The rules and regulations give the referee and other officials considerable latitude in penalizing unsportsmanlike conduct. Several factors should be considered in such decisions, including previous conduct, previous warnings, how serious the offense is, and information that the players may have been given at the players meeting at the start of the tournament.

1.16 Additional rules

EPBF / IBPF have the option to make necessary additional regulations prior to each event. Additional changes must be announced with the invitation and or at the players meeting.

1.17 Three point rule (only for 9-Ball)

In order to avoid that players are using the so-called "soft-breaks" that would allow increased control over breaks and allow advantages beyond what was foreseen when the 9-Ball discipline was

introduced, the EPBF has decided to introduce special break rules. The following rules are to be seen as an addition to the WPA 9-Ball rules that otherwise are valid in all EPBF events:

Additional demands for a satisfactory break:

At least three (3) object balls must either be pocketed or touch (see special notes below) the head string as a result of a break in order for it to be satisfactory. Any combination of the above (i.e. 1 object ball pocketed and 2 object balls touching the head string, or 2 object balls pocketed and 1 object ball touching the head string) is also satisfactory.

Failure to meet additional conditions:

If a player fails to fulfil the additional demands, but is otherwise performing a legal break, the break is considered non-satisfactory and the following rules are to be followed:

1. If the 9-ball has been pocketed it shall be re-spotted before play is continued.
2. The opponent may choose either to accept the table as it is, or hand it back to the player that performed the break.
3. In case the opponent accepts the table as it is, he/she will not be allowed to perform a push-out.
4. If the table is handed back to the player that performed the break, he/she is allowed to perform a push-out. If a push-out is being played the opponent has the option to accept the table as it is, or again hand the table back.

Special notes:

- A. The WPA rules for 9-Ball are to be considered at all times, and the special 9-Ball break rules as described in the above are additions to these rules, valid for a tournament only when introduced beforehand.
- B. Whenever a break is legal according to the WPA rules, and the above additional demands for a satisfactory break (if in use) has been met, the player on the table is allowed to perform a push-out.
- C. In order to meet the additional demands for a satisfactory break, object ball(s) do not have to cross the head string completely. It is enough if any part of an object ball, as seen from above, is breaking the head string.
- D. If an object ball crosses the head string and returns into a pocket, it is only counted as 1 ball achieving the required rule, not 2.

1.18 Players Table;

Each player has the responsibility to remove anything that they brought to the table, including the likes of talcum powder, drinks, paper, etc. Rubbish bins will be provided close to the tables and the player must remove their own rubbish & leave their table as they received it. Talcum powder must be placed on a mat or cloth and removed along with all other items brought to the table.

1.19 Logo's

Players are permitted to wear a total of five (5) sponsors on their outfit. Logo's must not be bigger than 100mm x 50 mm or circle diameter is 100mm, and must not be in direct conflict with the tour sponsors.

At the request of the promoter, players may be required to wear the logo of the main sponsor in the Semi finals and final.

For more information about the obligation to stay in the offered hotel, each player can find at the event invitations. **A player is required to stay a minimum of 2 nights in the players hotel with the first night being the Accreditation day.**

The athlete taking the time out should remember that his actions must be within the spirit of the game and if he acts otherwise, he is subject to a penalty under the Unsportsmanlike Conduct. Reasons for an imposed penalty are: taking time out other than in between the racks, smoking or drinking alcohol during the time-out and lat return after a time-out.

Penalties for such violations are; a game/frame (current and/or next) is awarded to the opponent. Should a athlete violate this rule a second time, the athlete will be disqualified from the discipline and/or event.

19. Unsportsmanlike Conduct

The rules and regulations give the referee and other officials considerable latitude in penalizing unsportsmanlike conduct. Several factors should be considered in such decisions, including previous conduct, previous warnings, how serious the offense is, and information that the athletes may have been given at the athletes meeting at the start of the tournament.

20. Additional rules

EPBF / IBPF have the option to make necessary additional regulations prior to each event. Additional changes must be announced with the invitation and or at the athletes meeting..

21. Three point rule (only for 9-Ball)

In order to avoid that athletes are using the so-called "soft-breaks" that would allow increased control over breaks and allow advantages beyond what was foreseen when the 9-Ball discipline was introduced, the EPBF has decided to introduce special break rules. The following rules are to be seen as an addition to the WPA 9-Ball rules that otherwise are valid in all EPBF events. The three point rule is explained in detail in the EPBF Sports Regulations.

22. Logo's

Athletes are permitted to wear a total of five (5) sponsors on their outfit. Logo's must not be bigger than 100mm x 50 mm or circle diameter is 100mm, and must not be in direct conflict with the tour sponsors.

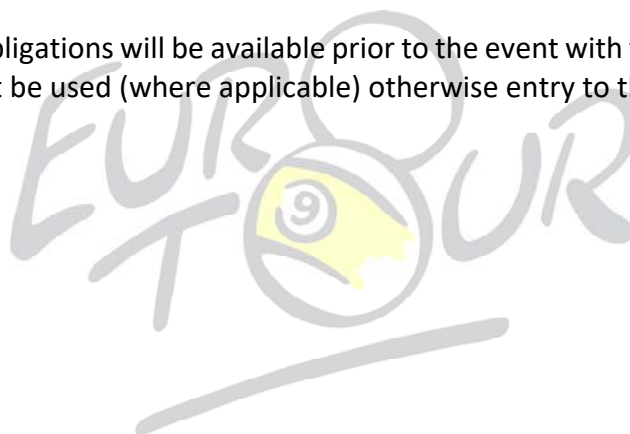

At the request of the promoter, athletes may be required to wear the logo of the main sponsor in the Semi finals and final. Athletes are required to give notice of the sponsors that they represent before the tournament series begins and any updates such as new or cancellations during the series. Failure to notify these may result in the refusal of such permission. IBPF reserve the right to refuse any such logo's that may be offensive or in direct conflict with the tour sponsors.

23. Sanctioned tournaments
